Expansion due to location

Funding. I think there should be several different fund raisers throughout the year for the library...and as above, better marketing of fundraising options...ie Amazon Smile.....Basically make it as easy as possible for people to donate to the library.

To get more community programs in the Library and get interested people to attend. It takes a lot of work for the staff to get speakers that want to travel to RFL area.

Participation in activities or events will vary based on seasons.

Space limitations. Is funding a challenge?

2/14/2020 3:04 PM

Money perhaps?

Parking and room to expand.

Continuing to offer internet enhancements and overall square footage to accommodate meeting space and collection growth.

I assume staying open and staffed 7 days a week (which is another definite strength) is challenging from a funding and staffing perspective given what I see happen with other Red Feather establishments in the "off" season times. But maybe that isn't the case for the library.

Working with space available!

2/11/2020 10:21 AM

Needing more of everything as our area grows and it is growing very rapidly. Space may also become an issue in the very near future!

2/11/2020 9:51 AM

Not sure, maybe funding?

2/11/2020 7:57 AM

Small size of building limits opportunities for community interaction (but the POA is right across the street). Small building size also limits the size of the book collection. (In general, my wife and I are very happy with the services provided by the library.)

Lack of volunteers for the library.

2/10/2020 9:59 PM

In the future it might be hard to have enough space for group meeting of a variety of kinds,

2/10/2020 7:54 PM

I'm a new card-holder so can't really answer this. I think RFL is great; perhaps keeping 7 days open might be a future challenge.

2/10/2020 7:07 PM

Funding. Growing a younger generation of volunteers

2/10/2020 7:01 PM

Funding always seems to be an issue with libraries. I'm not sure what the challenges are.

Need more \$

Maintain extremely high quality environment and staff Getting to the top is easy compared to staying there.

Not sure.

2/10/2020 5:47 PM

Resources, including staff?

2/10/2020 4:42 PM

I don't see them having any challenges at all

2/10/2020 4:36 PM

Funding for staff, expansion, services.

2/10/2020 4:17 PM

I cannot comment on challenges since I am not well informed as to fiscal status

2/10/2020 4:11 PM

As the area grows, the resources may need to be promoted more and in diverse ways

2/10/2020 3:57 PM

Funding?

2/10/2020 3:57 PM

With a growing community the library could really use more space.

2/10/2020 3:55 PM

Size is obviously an issue but is being managed well. I love the ability to order books from other library systems, one challenge is to manage all of those books on reserve to make it easier to notify when books have arrived. Thank you thank you and keep up the great work!
