

**Teen/Financial Report by Jeanette Heath for  
September 17, 2020, Friends of the Board Meeting**

**Programing**

I have not been working on any programing currently.

**SRP- (Summer Reading Program) –**

We have extended the SRP to a yet to be determined date due to the evacuations. We are going to announce the date once people can come up and down the mountain freely. That is also when the prize drawing will be announced and held. With the evacuations we have decided that people have more things on their minds, and this is a good thing to help kids keep busy by still being able to read. And the kids that have worked hard on their logs can still bring them in and be a part of this year's program.

2020-

Total Spent \$3,174.68 We are only 174.68 over budget.
